

# The Damron Family

**T**he last couple of months have been a complete blur due to a jammed packed schedule! It started with an overseas project in Uganda, East Africa. There we worked with Missionary Keith Stensaas once again in updating his radio station, Word of Life Radio. We had a few young men accompany us on this project and they were of great help and assistance to us in the work. The IBM team was able to install a safety line on the 185' tower which the government was requiring, and do some much needed studio upgrades.

Upon arriving back in the States from Uganda, we immediately went into a video project for First Baptist Church in Dwight, Illinois. Every year they host a football camp (Man camp) that reaches hundreds of boys and teaches them some great spiritual lessons and pushes them physically. We will be producing the promo video which will be out very soon. From there we went directly into a sound install in NY.

We then arrived home with just a week to pack and move to South Carolina. Upon our arrival we jumped right into video work for a singles conference here at Tabernacle.

## The Move

Due to some health related concerns and advise from several physical therapists and Dr's, we have made a move South. This was not an easy decision to make but a necessary move in order to continue the ministry God has lead us to be involved in. The last few years Eric's back has become worse due to travel and ministry related work and the cold weather has a drastic effect on his condition. Through prayer and council, God has lead us to Greenville, South Carolina and we are now members of Tabernacle Baptist Church pastored by Joel Logan. We left Old Paths in Rochester, NY on good terms and our relationship with them is in tact and they will continue to support us in our ministry. We are grateful for the 7 1/2 years there at Old Paths and the friendships gained there will last for eternity.

We have been well received at Tabernacle Baptist Church and look forward to meeting new friends and helping in this great work. Tabernacle has a FM radio station that reaches the Greenville area and their influence is well known as a result of Dr. Harold Sightler's vision. Pastor Joel Logan harnesses this same vision and there are many opportunities of service and growth in the near future. We are excited about being a part of a church that has a radio station!

Please pray for our transition and that we can be a blessing to our new pastor and church here in Greenville.

### ...a note from Tisa

It has been a heavy past few months for the children and I preparing and saying goodbye to our precious church family there in Rochester. Although change is difficult, the Lord has shown Himself over and over again and we are grateful for the church family here at Tabernacle that has taken us in with open arms. We do ask that you keep us in prayer as the transition has been much harder on the kids, but we remind them that our goal is to be a blessing to our new church and pastor, and we know that with this attitude and mindset, the Lord will continue to work through us and show Himself strong. Bro. Logan has been a dear friend and part of our family for many years and we are blessed to be a part of his ministry!

## Prayer Notes:

- Permit for tower work in Tanzania and funding for completion
- Funds for Thailand project
- Funds for Cameroon project
- Safety and wisdom in the work
- Safety in travels
- Good health

## Future

We will be traveling to Thailand in November to do a very important video for a ministry there and appreciate your prayers in this project.

The Cameroon project has been moved due to a death in the hosting missionaries family. We anticipate an early 2018 install for this radio station

The Tanzania project has begun and the studio work has been started by Gene Sharp and we are now waiting on a permit for the tower work to be done.

New address: 3020 Gentry Memorial Hwy, Pickens, SC 29671
